**No. 1236**

**Introduced by Assembly Member Hagman**

February 22, 2013

An act to amend Section 7071.19 of the Business and Professions Code, relating to contractors.

LEGISLATIVE COUNSEL'S DIGEST

AB 1236, as introduced, Hagman. Contractors: limited liability companies.

The Contractors' State License Law provides for the licensure and regulation of contractors by the Contractors' State License Board. Existing law authorizes the Contractors' State License Board to issue a contractor's license to a limited liability company, but requires, as a condition precedent to the issuance, reissuance, reinstatement, reactivation, renewal, or continued valid use of a limited liability company contractor's license, that the applicant or licensee file or have on file a surety bond for damages arising out of specified claims of employees. Existing law also requires the limited liability company to maintain a policy or policies of insurance against liability imposed on or against it for damages arising out of claims, as specified, as a condition of licensure. Under existing law, the policy or policies of insurance secured to satisfy these provisions are required to be written by an insurer or insurers duly licensed by this state.

This bill would additionally permit those policies to be written by an eligible surplus lines insurer.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.
